Ms. Malspeis,

At my meeting with Congressman Rutherford on 10-9-19 as we discussed the corruption I have been dealing with he asked me how my civil case was going and I mentioned that the Butler County Courts were trying to deny my Constitutional Rights of The United States of America regarding the hearing scheduled for 10-22-19. Congressman asked me to keep him updated so I wanted to provide the following court filings I made to that also have Violation Warnings for Denial of my Rights Under Color of Law that I sent to Judge Cunningham the Defendants and their legal counsel.

Because the files are to large to email I have provided the court filing links from my website.
