President Trump,

Please find attached the letter dated 2-11-20 I recently sent you along with the 400 plus page court filing.

I am requesting a meeting with you as Senator Rubio and Congressman Rutherford have started a congressional inquiry into the corruption I have dealt with at the local, state and federal level that was detailed in the letter I sent then U.S. Attorney General Ashcroft, former President Bush Jr., FBI as well numerous members of congress in a letter dated 3-7-03.

My Constitutional Rights have been violated for over 20 years and I am requesting your assistance to bring justice to my family and to protect We The People of our Constitutional RIGHTS.

Please provide a date for me to meet with you and U.S. Attorney General Barr.

I know you have a lot on your plate but look forward to your reply with a date for our meeting.

Sincerely,

Joe Myers
