Butler, PA 16001

Dear Mr. Myers:

AK Steel Corporation has advised me that the hazards you complained about have been investigated. The employer states that they have taken the necessary steps to correct the hazardous condition(s). A copy of the employer's letter is enclosed.

With this information, OSHA feels the case can be closed on the grounds that the hazardous conditions have been corrected (or no longer exist). If you do not agree that the hazards you complained about have been satisfactorily abated, please contact us within the next ten days. If we do not hear from you within that time, we will assume that the hazard has been corrected or eliminated and will take no further action with respect to this case.

Your action on behalf of safety and health in the workplace is sincerely appreciated.

Respectfully,

  
Robert Szymanski  
Area Director
